DISASTER RISK MANAGEMENT OF CULTURAL HERITAGE IN URBAN AREAS

A Training Guide

Authors

Rohit Jigyasu, UNESCO Chair Professor, RitsDMUCH

Vanicka Arora, Conservation Architect

*A training guide for
conducting courses in
Disaster Risk Management
for Cultural Heritage in
Urban Areas*

Contents

Section 1 *Introduction*

<i>Preface</i>	8
----------------------	---

1.1 Background.....	12
• Disasters and urban cultural heritage: the need For capacity building.....	12
• RitsDMUCH and the international training course on disaster risk management of cultural heritage.....	14
• Learning and outcomes of previous courses organised by RitsDMUCH.....	16
1.2 Objectives of the Training Guide.....	18
1.3 Users of the Training Guide.....	20
1.4 How to Use the Guide.....	21

Section 2 *Course Planning and Implementation*

2.1 Objectives of Training.....	25
• Core objectives.....	25
• Additional objectives.....	25
2.2 Designing the Course.....	26
• Thematic focus.....	26
• Target audience.....	28
• Duration of the course.....	29
• Geographical context, planning framework and institutional capacity available.....	30
2.3 Selection of Participants.....	31
2.4 Framework for Developing the Course Content	33
2.5 Pedagogical Strategies.....	36
2.6 Preparation of Resource Material.....	43
• Selection of experts.....	43
• Session outlines.....	43
• Course overview and participants' introductions.....	45
• Background information for case study projects.....	45
2.7 Delivering the Course.....	47
• Before the course.....	47
• During the course.....	48
• After the course.....	49

Section 3

Course Contents and Detailed Teaching Strategies

3.1 Background of the Field, Approaches and Principles.....	52
• Cultural heritage in the urban environment.....	55
• Impact of disasters on cultural heritage.....	58
• Key terminologies and relationships.....	61
• Approach and principles for disaster risk management for cultural heritage.....	64
• Evolution of the field.....	67

• Risk identification, analysis and constructing disasters scenarios.....	73
• Evaluating disaster scenarios for prioritisation.....	86
3.3 Preventing and Mitigation.....	90
• Approaches for risk prevention/mitigation.....	93
• Reducing disaster risks from various hazards.....	98
3.4 Emergency Preparedness and Response	110
• Planning and procedures for emergency preparedness for people and heritage.....	113
3.5 Recovery and Rehabilitation.....	124
• Damage assessment.....	127
• Post disaster recovery planning.....	134
• Repair and restoration of cultural heritage.....	140
• Linking recovery to mitigation.....	143
3.6 Integrating Disaster Risk Management into Overall Planning and Management.....	146
• Linking with other plans and management Systems	149
• Community engagement.....	152
• Communication tools and media.....	155
• Implementation and review of plans.....	156

Section 4

Conclusion

4.1 Conclusion of the Course and Evaluation...	160
• Assessing participants' progress	160
• Assessing the course.....	162
4.2 Linking the Course to Long Term Capacity Building Initiatives	164
• Fostering partnerships through training.....	164
<i>Abbreviations</i>	168
<i>Technical Terms.....</i>	168
<i>Relevant Charters And Recommendations....</i>	170
<i>List of Resource Persons.....</i>	171
<i>List of Participants.....</i>	174
